

Lifestyle Creep-Example

	Monthly Salary	Spending	Difference Between Monthly Salary & Spending
Start	\$3,000	\$2,900	\$100
Year 1	\$3,100	\$3,000	\$100
Year 2	\$3,200	\$3,100	\$100
Year 3	\$3,300	\$3,200	\$100
Year 4	\$3,400	\$3,300	\$100
Year 5	\$3,500	\$3,400	\$100

Notice that even though the monthly salary keeps going up, there is NO difference between monthly salary and spending. Even after five years! To read blog post [click here](#).
